Supervisor Biane Announces Devore Community Clean Up

San Bernardino, CA - Supervisor Paul Biane, the Devore Rural Protection Association (DRPA), and the San Bernardino County Code Enforcement and Solid Waste will be providing trash and tire collection containers for the free removal of accumulated trash.

Devore residents are urged to bring their trash and old tires to the designated containers that will be located in front of the Kimbark Elementary School at 18021 Kenwood Ave, in Devore. These containers will be available from 8am to 12pm on Saturday, May 21, 2005. This program is limited to the residents of the unincorporated Devore area.

Residents need to remove the rims from the tires prior to bringing them to the clean up site. The maximum size allowed for a tire for this clean up is 11" x 25.5". If you plan to bring 10 or more tires, please call (909) 387-5047 to make arrangements prior to the event. These containers will be available until filled, on a first come first serve basis.

Unfortunately, we cannot accept any household hazardous waste such as oil, paint, TV's, batteries, or other chemicals. Please call 1-800-OILY-CAT (1-800-645-9228) for information regarding household hazardous waste collection centers near the Devore area.

This event is part of the County of San Bernardino's Community Clean Up program, which works with the Board of Supervisors and community groups such as DRPA to sponsor events like this throughout the County. To date this year, these events have collected over 513 tons of trash and 123 tons of tires. The tires collected have been recycled and used as an alternative fuel source.

For additional information please contact Kenneth King at (909) 387-5047.
